APRIL 2025 (5785): Feasts of the first month.

Each year, once Rosh HaShanah is officially declared, Nazarene Israel does the necessary count for the Moedim. This is a visual of this year's counts for feasts of the first month. Shavuot (Pentecost) will be on 08 June 2025 (Vayiqra/Lev. 23:15-16). Chag sameach! Note: doctrinally, we do not use Roman-Greco names of days and months. We include them here for understanding purposes only.
